- P 390 1918, the "Inverted Jenny", probably the most famous airmail stamp in the world! Here as the well-known reproduction by Peter Winter, in a block of four with pencil signature on the back of each stamp. Of the blocks of four that Winter produced, he provided a few with "original gum", like the piece shown here. Most of Winter's forgeries are rather clumsy and can hardly deceive collectors; with the "Inverted Jenny", however, he created a truly exquisite work of art, with which he even "fooled" philatelic experts a few times.

The items show different frankings, to be mentioned 50c. violet (Sc. 517) on parcel address, another front with 20 examples of the 5c. "Pilgrim fathers", another one with a 2c. Schermack perforation as part of a mixed franking. Due to the usage on parcel fronts very mixed quality but valuable historical artefacts and quite attractive. (M)
